PAPER SEES YUGOSLAVS SABOTAGING TITO'S PLANS; BULGARIA, ALBANIA EXCHANGE WORKERS

SAYS WORKERS UNDERMINE ECONOMIC PLAN -- Sofia Izgrev, 13 Jul 50

The people of Yugoslavia, under the leadership of the true Communist Party, are making every effort to sabotage Tito's plans to convert the country into a supply base for imperialist aggression against the people's democracies. They are consistently undermining the economic plan of the regime by reducing production, lowering productivity, etc. The results of these policies are beginning to show in the constantly shrinking area under cultivation and the collapse of the grain delivery plan in 1949. Of the 5 million hectares that were to be sown in 1949, only 2,300,000 were actually sown.

The people no longer consider Tito their friend and protector, and have recognized that he is their enemy. But he who lives in shame will die in shame; and this will be true for Tito, who will be eliminated by the Yugoslav people, ready to rejoin the democratic nations under the leadership of the USSR.
